

HOW TO MAKE YOUR OPTIONS CHOICES

STEP ONE

Chat to the teachers of subjects you are considering choosing. Discuss what is covered in the course, how much written work is involved and what the final assessments look like.

STEP TWO

Read the options booklet carefully, and discuss which subjects you enjoy and which subjects you are/could be successful in.

STEP THREE

Look in your emails for an email titled 'Yr 9 Options March 2026' and you will have a link to a Microsoft form to make your choices by **Monday 23rd March at 9pm.**

STEP FOUR

Students will be informed of their final option choice in June.

IMPORTANT THINGS TO REMEMBER

Places within options will not be allocated based on a 'first come first served' basis but if you submit the form after the deadline you risk a course being full. The selection of a reserve option is VERY important. Some courses may not run if we do not have enough numbers choosing them and so the reserve choice will be selected as a default.
