

Ten things all Year 7 and 8 pupils should do when completing their HegartyMaths homework

	Student checklist for good HegartyMaths homework	✓ or ✗
1	I always write the date, title, clip number and H/W for all my tasks.	
2	I always watch the video before attempting the questions.	
3	I always take full notes of all the examples modelled in the video.	
4	I copy every question that I attempt in my book.	
5	I show all my workings for every question in the quiz that I do and ensure that it is as neat as possible.	
6	I try to model my work the way I was shown in the video by Mr Hegarty, unless shown otherwise by my teacher.	
7	I use a pencil and ruler for all diagrams.	
8	I mark my work correct/incorrect as I go and write in the correct answer if wrong.	
9	I write down my score at the end of quiz.	
10	<u>I redo the quiz, in full, in my book, if I score less than 80%.</u>	

5 things you should do when you want to do extra work

	Action	✓ or ✗
1	I go back to my donut and pick lessons that are red (<70%) to redo them to make them amber (>80%) or green (100%).	
2	I go back to my donut and pick lessons that are amber (>70%) to redo them to make them green (100%).	
3	When working on lessons that are red or amber and I cannot make them 100% , I re-watch the video and look at the building blocks which may help me.	
4	I complete a MemRi or Fix-Up-5 where HegartyMaths gives me practice questions to revise my maths skills.	
5	If my teacher has given me a revision list of clips on HegartyMaths, then I pick a topic on that list and complete a homework the normal way by myself.
