Dear Parent/Carer

### **Ofsted Inspection**

As you may know, Castle View Academy underwent a full Ofsted inspection in June. We are very pleased that the inspectors concluded that the school is now a 'Good' school in all areas and found a great deal to commend about its high academic standards, the breadth of the curriculum and its strong pastoral systems.

The inspectors' report is now available on the school website, and we would encourage you to read it. As you'll see, the inspectors praised the school's focus on learning and the steps it takes to prepare students for the future. It is particularly encouraging to read in the inspectors' report of the pride that students take in attending Castle View Academy and of their excellent relationships with teachers. Indeed, inspectors found that "pupils are proud of their school" and that they "feel safe and well cared for".

The past two and a half years have been very challenging, but it is clear from this report that the entire school community has worked hard to ensure that Castle View Academy continues to move from strength to strength.

Thank you for your continued support of Castle View Academy and your child's education. Successful schools are a partnership between parents, students and staff and this report – together with last month's encouraging GCSE results – provides firm evidence of how the school continues to thrive.

Yours sincerely

Sir Jon Coles  
Chief Executive

Dame Sally Coates  
Director of Secondary Education
