

Year 10 Spanish End of Year Exam Revision

You will sit an exam in all 4 skills for your end of year exams. What to do for each skill is listed below.

Listening

Log into www.languagenut.com where you have been set a series of exam style questions. You will find this in the 'assignment' section when you log in and it is called 'Year 10 EoY Listening Revision'. There, you will practice questions on a range of topics and question types. If you have forgotten your log in, please speak to your teacher who can tell/print it for you. Any issues with accessing the internet, a printed version can be given to you. Let your teacher know you have completed it so any questions that cannot be self marked can be looked at.

Speaking

More information about the speaking exam will be given to you in due course. The most important part to revise is the 'broader conversation', the questions for which you have been preparing in lessons in your booklets. Once you have chosen your 'thematic context' (done in class with your teacher) you can prepare answers onto flashcards for this section.

In addition, some practice photo description and read aloud questions have been set on www.languagenut.com for you. Make sure you let your teacher know you have completed any of these so they can be marked.
