

Register a test kit (1/4)

Visit the [Register a coronavirus test \(lateral flow test\)](#) service to register a test kit.

Register a coronavirus test (lateral flow test)

This type of test checks if you're currently infectious with coronavirus. It's called a lateral flow test.

Your sample will be taken and tested at the site and you'll get your results the same day.

To complete this form, you'll need:

- the barcode for the test you're registering (it starts with the letter 'L')
- a mobile number (for you or the person you're registering it for)

! Only use this service if the barcode on your test kit starts with the letter 'L'. If your barcode does not start with 'L', you need to [register your test kit using a different service](#).

How we use your data

To find out how we use your personal data when you register for a coronavirus test, [read the coronavirus privacy note](#).

It's up to the school or college to decide who should register the test. Select the relevant option.

Who are you registering a test for?

Myself

Someone else

Register a test kit (2/4)

Test subjects aged 13 or over can create an NHS Test and Trace account to speed up the process of getting tested each time.

Register faster with a Test and Trace account

A Test and Trace account enables you to save your details, so you do not need to enter them next time.

You just need an email address and a mobile number to create an account. Or you can use your existing NHS login details, if you have them.

NHS Continue with NHS login

Continue without NHS login

If you do not have an NHS Test and Trace account yet you'll be asked to create a password.

You'll then be asked for some personal and contact details. This is so you can get your results - so use an email and mobile number you have access to.

Create a password

Register a test kit (3/4)

Once signed in select 'register a test kit'.

Select 'at a test site'.

Enter the test site ID.

Schools and colleges can use signs around the test site so that test subjects can access their test site ID.

Register a test kit (4/4)

Scan or manually enter the test kit barcode.

Enter your unique test kit barcode

Use the camera on your phone or computer to scan your test kit barcode.

Or you can manually enter the 11 character reference below the barcode.

If you're using a home test kit, you'll find the identical barcodes inside your home test kit, either attached to the plastic vial, biohazard bag and return box or loose for you to stick on yourself (please read instructions).

These are different from your pre-paid Royal Mail return package barcode on your box.

If you have a Randox test kit, manually enter the 9 or 10 character unique reference number (URN) on the label.

▶ [What does the barcode look like?](#)

▶ [What does the Randox URN look like?](#)

Test kit barcode reference or URN

Confirm test kit barcode reference or URN

To complete the test kit registration process you also need to confirm:

- the date and time you're taking the test
- whether you have coronavirus symptoms
- whether you travel to an education setting or workplace

If you do not have an NHS Test and Trace account, you need to provide your:

- name
- gender
- date of birth
- ethnic group
- email address (to receive test results)
- mobile phone number (to receive test results)
- home address

You may be required to answer additional questions depending on your answers.

Email: result notifications

Positive result

NHS COVID-19 Notification:

Dear **[Full name]**

Birth date **[Date of birth]**

Test date **[Date of test]**

Your coronavirus test result is positive. This means it's likely you were infectious when the test was done.

You must take a follow-up test today, or as soon as possible, to confirm the result.

Follow the instructions you were given to take your follow-up test. If you were not given instructions, go to www.gov.uk/get-coronavirus-test to book your test. Choose a test site if you can, it's faster than a home test.

Until you get further advice you and everyone you live with must self-isolate immediately for 10 days. The 10 days begin the day after your test date.

Only leave home for your follow-up test.

Care home residents must self-isolate for 14 days.

Use 111 online or call 111 if you need medical help. In an emergency dial 999.

See www.gov.uk/coronavirus for more advice.

Negative result

Dear **[Full Name]**

Birth date - **[DD Month YYYY]**

Test date - **[DD Month YYYY]**

Your coronavirus test result is negative. It's likely you were not infectious when the test was done.

You only need to self-isolate if:

you get symptoms of coronavirus – you'll need to book a different test at www.gov.uk/get-coronavirus-test

someone you live with tests positive, or has symptoms and has not been tested yet

you've been traced as a contact of someone who tested positive

Please follow the advice you were given when you were tested.

Use 111 online or call 111 if you need medical help. In an emergency dial 999.

See www.gov.uk/coronavirus for more advice

Void result

NHS COVID-19 Notification:

Dear **[Full name]**

Birth date **[Date of birth]**

Test date **[Date of test]**

We could not read your coronavirus test sample. This means it's not possible to say if you were infectious when the test was done.

We're sorry, you'll need to take another test as soon as possible. Order your test at www.gov.uk/get-coronavirus-test unless you've already been given another test to do.

You only need to self-isolate if:

you have or get symptoms of coronavirus – you'll need to get another test at www.gov.uk/get-coronavirus-test

someone you live with tests positive, or has symptoms and has not been tested yet

you've been traced as a contact of someone who tested positive

Use 111 online or call 111 if you need medical help. In an emergency dial 999.

See www.gov.uk/coronavirus for more advice
