

SOCIOLOGY Year 10 – Revision instructions

You will sit a full Mock GCSE assessment on the content we have covered so far this year.

HOW TO REVISE:

- Use the knowledge organiser (you have been given one, and it is on Arbor and in your email inbox) to revise. Revise all topics until P16 of the booklet. You can also find exam advice and question structure tips on the last pages of the booklet.
- You can find past papers and mark schemes here: https://www.wjec.co.uk/qualifications/sociology-gcse/#tab_pastpapers . Your paper is 'Comp1'. Your ROA will look exactly the same as these, so it is useful to practice and use the mark scheme to help you self assess.

WHAT TO REVISE:

Use the knowledge organiser to revise the whole of Studying Society, Research Methods and Family. You should focus on the following topics for education:

- Functionalist views of education
- Marxist views of education
- Feminist views of education
- The hidden curriculum
- The advantages private schools can give you
- Anti-school subcultures
